

I am a resident in the San Antonio area of Texas and listen to K\_LOVE on FM 91.3. It is possitive and encouraging Christian music which myself, friends and family listen to and very much enjoy. It would be greatly missed and my family and myself would be very saddened and disappointed if an LPFM broadcaster replaced this programing. K-LOVE serves a very important and vital ministry to the San Antonio area by its listeners reaching others for Christ through its music and messages. It supports wholesome values and a positvie and encouraging impact on the communities that listen to this station. Please preserve this station in which myself and hunderds other value.

Sincerely,

Susan J. Moore
